

What is it?

Consider it like an online community website promoting its own local events, news stories, sports, clubs and charity information, local campaigns - its completely interactive.

How can it help me?

The website attracts thousands of local visitors every week. We'll include your advert which appears whatever page viewers click on, for twelve months, as well as highlight it in our weekly e-newsletter. When viewers click your advert they will be directed to your website or a feature page all about you.

Is it expensive?

By focusing on local customers, you're not paying for national coverage that you probably don't need. We have teamed up with thatmediagroup.co.uk to offer you some excellent packages.
